### Please Note:

\*\*All reports / grievances / feedback received outside of club or teams official channels will be redirected back to the sender to come via the correct channels\*\*

\*\*\*As ACBA continues to grow we trust you understand and support the need to minimise and streamline the process for a faster outcome in order to keep our competition safe and fun for all involved Clubs and schools may elect to apply their own penalties in which case the MPC will decide if it was sufficient enough or whether a further penalty should apply\*\*\*
